

April 25, 2014

Reverend Jorge Roman  
St. Joseph Church  
P.O. Box 372  
Mammoth Lakes, CA 93545-0372

Dear Fr. Jorge,

Thank you for meeting with the Diocesan Building and Maintenance Committee on April 3, 2014. In the meantime I have discussed the project with Bishop Blaire. He approves the project with two conditions:

- That you and your advisors consider the size of the building and see if there is any way to increase its square footage.
- That you and your advisors consider having a covered walkway between the church and the proposed new hall. Bishop Blaire feels that this would be important during the winter season.

Please keep me informed regarding your deliberations on those matters.

Wishing you every success with this project.

Sincerely yours,

Reverend Msgr. Richard Ryan, JCD  
Vicar General
